

Burning Permits Required

The spring forest fire season will soon be here in Crawford County despite reports spring and summer will be skipped this year. Department of Natural Resources officials remind residents burning permits will be required when the ground is no longer snow-covered.

A permit to burn is required when brush, grass, leaves, and debris are burned except when a metal barrel with cover is used. The barrel or cover should not have holes in it larger than three quarters of one inch. Wire baskets fail to qualify.

Permits are issued through the local DNR field office but may be cancelled if weather conditions present a high fire danger.

It is illegal to burn old tires, plastics, and other polluting or hazardous materials.

Stolen Money Orders Circulating

Stolen money orders from the First National Bank of Mount Clemens are being passed around northern Michigan and area businesses should be on the lookout. Crawford County Sheriff Joe White said several of the money orders were passed out in Roscommon and Houghton Lake last week.

Two suspects, a white couple, buy a small amount of store items and then make the money orders out for \$60 to \$80. The male is 5'10" and 175 pounds and the female has blond hair. They have used false I.D. with the names Kenneth Jarvis, Ron Labinski, Bradley Brisard, Harold Price, Judy K. Donovan, Lorrie Baum, and Genevieve DePew. The Michigan Operator's license number used is F-450-721-628-384. Any business receiving money orders from the First National Bank of Mt. Clemens with a high series, 10,000 and above, are asked to contact the sheriff dept. immediately.

Court Decision on Murder Charge Expected

District Court Judge Francis L. Walsh is expected to make a decision this week whether to bound Edgar Kalthoff over to circuit court to stand trial for a charge of second degree murder.

Kalthoff, 46, of Roscommon, was charged in connection with the shooting death of Benjamin LaBean, 41, of Grayling, which occurred May 8, 1981.

Final arguments for the preliminary hearing were held last week.

Lewiston Sewage Plans Placed on Hold

The Albert Township Board voted April 6 not to contract for a hydrological study necessary to go ahead with a sewage project near Cobb Road. The DNR told the board funding priority for the Lewiston project has been set back until 1984. The board intends to put the project on hold because of the funding withdrawal and concerned citizens in the area, fighting the proposed site, hailed the decision as a victory.

Stream-Land to be Discussed

Mary Hosmer-Billetdeaux, a fish biologist for the Huron-Manistee National Forest, will discuss current efforts to correct local stream and land problems which are detrimental to fisheries, 7:30 p.m. Tuesday, April 20, at the Chief Shoppenagon's Motor Hotel in Grayling.

This talk is sponsored by The George Mason Chapter of Trout Unlimited and the public is invited to attend.

Supper For World Hunger

The R.L.D.A. Church located across from the I-75 exit on North Down River Road, will host its third annual maple syrup and pancake supper Saturday, April 17th, starting at 6 p.m.

Pure maple syrup is furnished by Foster and Eleanor McCool who operate a sugar bush in Kalkaska County.

The supper features besides new maple syrup, country style fresh sausage and AuSable buttermilk pancakes from Edgewater on the AuSable.

The Saints do this in celebration of spring, and all of the proceeds from the supper are donated to the World Hunger Fund.

Everyone is welcome and tickets may be purchased at the door, Adults \$3; Children under 12 \$1.50; preschoolers-free; family rate \$10. Syrup can be purchased.

Reynolds Selected to All-State Ski Team

Karyn Reynolds was selected to the girls first team All-State ski squad picked by the Detroit News last week. She was one of six girls to make the first team. The all-state team is made up of skiers from all four class size schools.

Reynolds, a sophomore, finished first in regional slalom competition and finished second at state behind Helena Stanisavljevic, also a member of the all-state squad.

Lions Nip All-Stars in Barnburner 111-110

In a fast-paced, free-wheeling basketball game, the Detroit Lions nipped the Grayling All-Stars 111-110 on a last second dunk shot by Ulysses Norris, a 6'4" tight end.

The Lions had called time out with a few seconds left to try a last-ditch field goal attempt to go ahead. Trailing 110-109, Eddie Murray passed up a chance to boot in a goal and threw a lob pass to Norris who dunked it home as the buzzer sounded.

Norris led the Lions in dunks for the night and Homer Elias, 6'3", 255 pounds, poured in points from the outside. Craig Hinkle, Jim Tobin, Gerry St. Germain, and Dale Papendick led the Grayling All-Stars in scoring against the 8-man Lion team. Also playing for the Lions were Fred Scott, Rick Kane, Ken Callicut, Amos Fowler, and Larry Lee.

Grayling To Provide Fire Protection for Weyerhaeuser

By Jon Thompson

The Grayling City and Township Fire Department will provide fire protection for Weyerhaeuser through a special agreement made this week with Beaver Creek Township.

The Grayling City Council signed the agreement at their regular meeting Monday night and the Grayling Township Board called a special meeting Tuesday afternoon to okay the pact.

Weyerhaeuser had been without fire protection since last week when Beaver

Creek signed a fire protection pact with Lyon Township to cover most of the township except the site of the new \$60 million Weyerhaeuser plant.

Beaver Creek will pay \$650 a month for standby protection by Grayling. The pact will run from April 1 to June 30. Grayling fire officials did not want to enter into a long-term protection pact until more information is known about the services Weyerhaeuser will need.

The pact includes ambulance and rescue services.

Beaver Creek is now covered by three fire depts. Under the new pact with Lyon Township, Beaver Creek pays \$1,000 a month plus \$200 a truck for runs and \$16 a man plus overtime for each call. It also pays Roscommon Village \$400 a month for coverage of its southeast corner plus \$700 for each call.

Lyon Township doesn't want to cover the plant because it feels it doesn't have enough manpower to cover a fire at Weyerhaeuser and a fire within its own

township at the same time.

Although Weyerhaeuser has a good internal fire protection program, Tony Moore, plant manager, said they want the coverage of a manned fire department. First, their insurance requires a 24-hour manned response. Right now, Weyerhaeuser isn't operating 24 hours. Second, Moore said its not likely Weyerhaeuser will ever have professional fire fighters.

He said the plant would be able to handle any small fire easily but would like response of a trained fire department just in case a massive fire might start. For large fires, they also want the quick mutual aid response from other fire departments.

Beaver Creek officials estimate fire protection costs for one year from the three departments may total \$30,000.

Beaver Creek Supervisor Cletis Spears says the township is going to run out of money for fire protection by July 1. The question of fire protection will probably be put before township voters in May.

Two possible ballot proposals may be a 1.5 mill proposal to pay for 18 months of standby protection from Lyon and Roscommon Village and a 3 mill proposal to start a fire department.

High School: The Seniors Talk

The following seniors are from Lacey Stephan's advanced math class.

Bill Crouch, 18, son of Darlene & Larry Crouch, of Grayling. Wants to go to college to study drafting and art. Wanted to go to KCC for drawing class but program was cut this year.

"The five-period day is rough on both the students and teachers. For students, there's no stop from one class to another - bang, bang, bang. Then you're out of school and you wonder what happened. In an hour-long class, teachers run out of things for us to do."

Lisa Logan, 18, living with grandparents. Decided to leave Pontiac school district

because of their money problems and attend GHS.

"I'm glad I did it because I'm doing better here."

She said GHS offers botany-genetics, something Pontiac didn't offer, and that will help her in forestry, the field she wants to study at Lake Superior State or the University of North Dakota.

Sheryl Colling, 17, daughter of Ken & June, of Grayling. Headed for U. of M. or MSU as architect engineer. Attended three different high schools. One in Kansas ran better than GHS. Musing operation "rinky dink" and confused compared to GHS.

She had taken band all her life except this year at GHS.

She couldn't fit it in shortened day. She felt some of GHS requirements such as two semesters of consumer education aren't needed. But she said her high school graduation requirements at Kansas were backward compared with GHS's. There, one semester of math was required and two semesters of gym class.

Kim Ayers, 17, daughter of Violet & Gordon Ayers, of Grayling. Going into secretarial science at KCC. Not affected this year by changes at GHS.

John Huss, 17, son of Sharon & John Huss, of Grayling. Going to Northern to study mass communication.

10 B & E's Reported In County Last Week

Nearly \$10,000 in merchandise was reported stolen in one of ten breaking and enterings reported in Crawford County during the last week.

Household items worth almost \$10,000 were carried away from a Grayling Township residence off Eagle Point Road sometime between March 22 and April 9.

Other B & E's were reported in the county as downstate cabin owners begin coming north to check on their property. Four entries were made in cabins owned by downstate residents in the

Barker Lake area. Crawford County Sheriff deputies believe someone had been alternating living in the four places during the last month. Anyone noticing a person walking in the area or parking a car in the last month is asked to contact the sheriff dept.

Two cabins along the AuSable River in Grayling Township were discovered broken into. A cabin owned by a Bay City man was ransacked causing damage to the interior. The other cabin may have been broken into

by thieves using a canoe, a sheriff dept., report said.

The old Little Smokey Railroad building at Hanson Hills was also broken into on April 8. The door was damaged but nothing was reported missing from the building.

Vandals also damaged gas producing equipment owned by Shell Oil Company in Frederic Township. The equipment was shot on April 8.

Nelson Miles Receives Rotary Club Fellowship Honor

By Don Geiss

Nelson Miles of Grayling was awarded a Paul Harris Fellowship during a Grayling Rotary Club 10th Anniversary program held recently.

The award is the highest honor a Rotary Club can pay one of its members and is named in honor of the man who began Rotary International in 1905. The fellowship

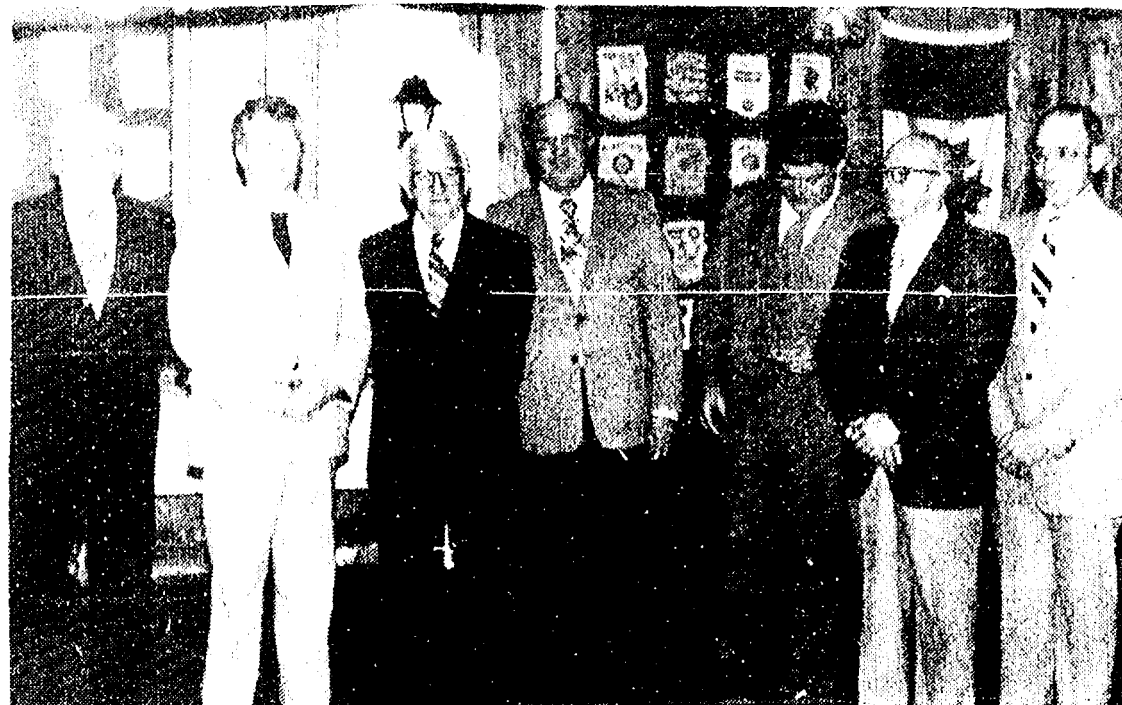

is obtained when a club submits \$1,000 to the international organization for good works projects throughout the world. It may then name a member or community citizen for the honor.

The Grayling club raised the funds over a period of two years through membership donations.

Miles has had perfect at-

tendance for the weekly club meetings during the ten years and has attended other Rotary Club meetings on his travels throughout the world. He was not only a charter member of the organization in Grayling, he was also an early president of the club. He has been active in all of the fund raising projects of the club.

From Our Corner ...

Our weekly weather report continues...never since we have lived in northern Michigan have we experienced such as the past winter, and right into our supposedly spring...the saying used to be April showers bring May flowers...we have to wonder what April snow storms will bring for May...again Easter Sunday brought a skiff of snow that covered the ground in the morning but by noon a 32 degree temperature cleaned most of it up...

Hopefully this will be our last weather report until we can write about the nice weather we are having for those three weeks of summer...

Our bride and I took in the cinema last Saturday evening courtesy of George Stancil, Rialto Theater manager...seeing as how "Absence of Malice" was a newspaper story, George figured that LeRoy, Jon and myself should take it in...

George sent a note along with the complimentary tickets stating, "It occurred to me that in order to validate your pass, you would have to reveal in the 'Turkey' the last time you attended a movie at the Rialto. But, he added, since it was probably Ronald Reagan's movie 'A Turkey for the President' in 1953, I thought better of the idea...

Well, George, we appreciated your gesture, and I enjoyed the movie immensely...you were wrong about Reagan's movie, I don't remember seeing that one...and to be truthful with you I think I have seen but one movie since "The Robe" which was shown at the Rialto, and that was "The Summer of '42"...one thing I will say your screen is much larger than our TV set which we seldom watch except for the news...and a few sports such as football, basketball, baseball, tennis, golf, gymnastics etc...

We received a clipping out of the Anchorage, Alaska Daily News from Mrs. John Campau of Grayling...the article was about Trail Sled Dog Race held there...in the article it mentioned those competing and listed Dean Painter of Grayling...now we don't know if this person is from here or there is a Grayling, Alaska...anyone know let us know...

Congratulations and the Tip of the Derby goes to Jean and Joyce Stevens and Diane Lee for successfully defending the free throw championship at the Lions and All-Star basketball game. The girls represented the Avalanche and won the trophy for the second year in a row, and we understand we get to keep the spoils for the two in a row victories. Joe and Jay Schrader and Fay Bovee won the toss last year.

This takes care of this week's corner...just can't come up with anything enlightening...goodnight T.J., Stef and Amber, and to all our readers have a nice weekend...

The Bible Speaks

From Calvary Baptist Church

THE FRUIT OF SANCTIFICATION

Romans 6:21-23

Jesus said that false prophets and false teachers would be known by their fruits. Matthew 7:15-23. Jesus said: "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven." Matthew 7:21. One may even preach in the name of Jesus, cast out demons and perform miracles in the name of Jesus and still be a false prophet. "Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works?" And then will I profess unto them, I never knew you: depart from me, ye that work iniquity." Matthew 7:22, 23. Jesus said He "never knew" the false prophets as His own. We can know them as false prophets by the fruit.

Let us examine the fruit of a sinner before salvation. "What fruit had ye then in those things whereof ye are now ashamed? for the end of those things is death." Romans 6:21. Notice the past, present and future provision of such fruit. It produced vanity at the time. Looking back on your sin, there was no lasting fruit, only temporal, passing pleasure. Thinking back now upon your past sins brings shame. "You are now ashamed." Looking to the future hope of your past sins, you see loss. "For the end of those things is death."

Let us examine the fruit of a saint after salvation. "But now being made free from sin, and become servants of God, ye have your fruit unto holiness, and the everlasting life." Romans 6:22. First, we have freedom from sin. We are free of sin's penalty through the cross of Christ. We are free of sin's power through faith in the resurrection of Christ. We shall be free of sin's presence at the second coming of Christ. We are now servants of God instead of sin. Serving God is producing holiness in our present life. Eternal salvation assures us of everlasting life for all eternity.

Now notice the contrast

between the "wages of sin" and the "gift of God." "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord." Romans 6:23. When people serve sin, they earn what they shall receive. Sin pays the wages of death. People who choose to practice sin are choosing to receive a paycheck for their labor - Hell. Those who practice righteousness and holiness of life do not earn eternal life. Salvation is not of works, but of grace. "The gift of God is eternal life." Men earn Hell by their works. Men receive entrance into Heaven as a gift. That gift is only available through faith in the Lord Jesus Christ. (adv.)

Sheriff Joseph White
Crawford Co. Sheriffs Dept.
Grayling, Mi 49738

Dear Sheriff White:
On behalf of the Grayling High School Athletic Department, I would like to thank the Crawford County Sheriff Dept. basketball team for their fund raising basketball game. Officer Coor's, on behalf of the department, gave the Athletic Dept. \$282.00, a very generous donation and it is greatly appreciated.

The Crawford County Sheriffs department has always supported our athletic programs. We certainly appreciate their cooperation, and look forward to working with you and your staff in the future.

Sincerely,
Michael Branch

Meadow Brook Theatre Returns to Roscommon

Meadow Brook Theatre, Michigan's foremost professional theatre based on Oakland University, Rochester, Michigan, will return to Roscommon after a year's absence. The performance will be at the Roscommon High School auditorium on Sunday, April 25, at 7:30 p.m. "Wait Until Dark", the smash hit suspense drama by Frederick Knott, will be presented by a professional cast of actors from Michigan, New York, Baltimore and Illinois.

Movie-goers may remember the film version of "Wait Until Dark" which starred Audrey Hepburn as the lovely blind wife who pits her courage and ingenuity against a trio of thugs who terrorize her as they search for a doll her husband brought home from a recent trip to Montreal. Hidden in the doll is a substance the psychopathic killer and two ex-convicts will do anything to get.

The depraved men try to take advantage of the heroine's blindness through trickery but she matches wits with them through the shrewd use of her other senses and by inflicting darkness on them by removing all the light fuses in her apartment.

Playwright Knott proved himself a master of suspense with "Dial M for Murder". In "Wait Until Dark" he creates a climactic scream-provoking scene which is considered a classic in the art of suspense drama.

Bethany Carpenter, a popular and acclaimed actress in the Detroit area will play the role of the blind heroine.

New York actor John LaGioia makes his Meadow Brook debut as the leader of the terrifying trio. He has appeared in productions of the New York Shakespeare Festival. Daytime viewers will remember him as Johnny Dallas in "The Edge of Night".

Will Love, another member of the criminal trio, is a Baltimore resident and a Master's graduate of Wayne State University who recently appeared with Jean Stapleton.

Michiganander Phillip Locher plays the other thug who has appeared in the Meadow Brook hit productions "On Golden Pond" and "A Man for All Seasons".

Andrew Barnicle, who has appeared with Wayne State University's Hilberry Theatre for the past three years, will play the role of the heroine's husband.

"Wait Until Dark" is being presented under the auspices of the Michigan Council for the Arts. In Roscommon the play is sponsored by the Roscommon Chamber Music Society-Arts Council. General Admission tickets are \$5.00 and Senior Citizen and Student tickets are \$3.00. Tickets will be available at the door and at the Roscommon Hardware, Roscommon's Northern Drug, Hunt's Drugs in Houghton Lake, Flowers by Josie in Grayling and Fitzgeralds in St. Helen. Middle School News

Advanced English
The Advanced English class will be conducting demonstration speeches in Mr. Branch's class. Topics that students have planned so far are: cosmetology, fly tying, turkey hunting, keeping score in bowling and photography.

Other activities planned for the remainder of the school year are debates which students will choose topics that are current problems in today's society.

In written communication

they are just completing a descriptive narrative which will relate to something that has happened and left a lasting imprint such as a person, place or event.

8th Grade History

The class just finished the chapter on the Civil War. They worked on the famous people connected with the War, U.S. Grant, Robert E. Lee, William T. Sherman, Stonewall Jackson, etc. They also had a film on the Civil War and some pictures of the War and talked in detail about the Lincoln conspiracy and assassination. The students were very interested in this chapter of History.

The seventh grade geography class has been working on maps, charts, and latitude and longitude and topography.

On the monthly "Spelling Bee" Erin Hickey was the winner.

Life Science

This class has just finished a unit on circulation and respiration. They did some testing of their breathing capacity or vital capacity by forcing water out of a bottle by blowing. They also took blood types of some of the students, with parental permission. Crossword puzzles, work sheets, models and a film strip all added to the unit in the science book.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

It is a common plant over much of the United States and has the exotic Latin name of *Pteridium aquilinum latiusculum*. In this area it is the most common of the ferns, growing it seems everywhere from shady to sunny spots, and usually is an indication of poor soils. It is one of the earliest to appear in the spring and continues to produce new leaves all season. It will cover large areas and grows well over knee-high, but the first frost kills it, leaving erect crisp brown remains until flattened by the fall rains or first snow. Its roots are half an inch more or less thick, deep growing and far creeping, fifteen feet or more long, and at times ten feet deep. The stem is tough and stringy, and woe unto anyone who tries to pull it up. The deep roots hold it down and the broken-stringy stem cuts to the bone. Nowhere have I been able to find where it is a food source for animals, but its young fronds (fiddleheads) gathered in the spring are edible. A caution here: collect only while still fiddleheads and therefore young, because when the fern is full grown, it becomes poisonous to cattle as well as humans. Simmer the fiddleheads in a little salted water until tender. After draining, they may be seasoned to taste and eaten hot with plenty of butter or margarine.

The fern I am referring to is the bracken or brake which is among the very first of the new growth to appear after the snow melts.

Par For The Course

By Fay Bovee

The new golf club manager, Doug Marshall, has been on the job since March 15, preparing for the club opening. The road has been plowed out and it looks as though our early bird golfers might have a chance at the course. I think the blizzard last Sunday cancelled out the first Sunday play, didn't it, Tom?

Irv McIsaac is the new secretary for the Men's Leagues, both Tuesday and Wednesday. He would appreciate a call from everyone wishing to play either day - 348-2966 - even though you had signed up last fall.

The Opening Happy Hour is scheduled for April 16 - don't miss it, your friends will all be there.

Ladies, call Joanne Olson or Carolyn DiPonio for information on the Wednesday League and Jan Pahsson for the Monday League.

More news on the Opening Party on May 1!

Middle School

California Achievement Tests will be administered to Middle School students during the week of April 26 through April 30. Tests will be given during the 1st and 2nd hour periods during the entire week. Students should have a good breakfast before coming to school and taking the tests.

Legislative Discussions Begin on Interest Rates

Warren M. Hoyt, Executive Director, MPA

Behind-the-scenes discussions on a package of bills that would allow increased ceilings on consumer loan interest rates are continuing in the Legislature.

Rep. James Defebaugh (R-Birmingham), sponsor of the bills, said whatever the discussions produce, there will almost certainly be a "floating" maximum rate on interest ceilings.

Legislation pending before the House of Representatives raising the various interest rate ceilings to 6-8 percent above the floating rate on 26-week treasury notes appears stalled until after the negotiations are completed.

Defebaugh, however, said he would not support a package that puts a float below the level set by the current package - 6 percent above the treasury bill coupon yield rate.

Opposition is coming from Democratic members, through the United Auto Workers lobby, who contend the 6 percent float is too high for consumers.

The discussions are between officials of Governor William G. Milliken's office, the office of the House Speaker Bobby Crim (D-Davison), labor groups and lending organizations.

Discussions began when it became apparent the bills would not pass the House after they were reported by the Corporations and Finance Committee.

Defebaugh said further negotiations are preferable to putting the bills up for an almost certain defeat.

Under the bills, the ceiling of loans such as auto loans could "float" no higher than 25 percent, the criminal usury level, while a secondary ceiling of 15 percent would also be in place.

Defebaugh said eliminating the secondary ceiling could be

negotiable if the criminal usury level were also eliminated.

Under the package, the maximum rates on second mortgages would go from 15 to 21 percent and bank credit cards would be increased from 18 to 21 percent.

While admitting that continuous delays on passing a package will make it more difficult to pass with elections upcoming, Defebaugh said the issue would not go away.

A number of statutory sunset dates are coming up soon. The 11 percent on land contracts will revert to 7 percent on July 1 and the 16.5 percent maximum on auto loans will drop back to 12.83 percent in December.

Those sunsets will keep the issue before the Legislature, he said, as will the threat of businesses leaving the state because they are unwilling to operate under the current interest limits.

Child Abuse Trust Fund Proposed
A child abuse trust fund paid for by an income tax refund check-off and maintained by the Department of Treasury, has been proposed by Rep. Debbie Stabenow (D-Lansing).

Under the system, half the funds raised by the check-off system would be for child abuse prevention programs at the local level if matched by local funds.

The other half will be invested by the department and once \$20 is raised, the income tax check-off would be eliminated and programs funded by interest earnings.

The trust fund would be administered by the state child abuse and neglect prevention board which would be comprised of 14 members representing various professions and the heads of the Departments of Education, Social Services, Public Health, Mental Health and State Police.

Such funds already exist in Kansas and Washington.

JUNIOR DEPUTY PROGRAM—All fourth grade classes went to Junior Deputy in the gym on April 2 and Mr. Smith told us that we were going to have a film about tornados. Tornados knocked down people's homes and people were killed and ambulances had to come for all people that were hurt. Tornados are a very bad killer.

Pictured are Julie Fisher and Tim Perkins from Mr. Hatfield's 4th grade class ready to set up for the film on tornados. By Peggy Kraus, 4th grade

Bits O'Talk

Pete and Gloria Stephan & Brian and his mother, Mrs. Beulah Stephan, returned Tuesday from a three-week vacation in Florida. They stayed with Al and Cappy Westervelt in Ellenton and Beulah stayed for a week and a half with Ernie and Elsie Larson in Lakeland and for three days with Junior and Erdine Corwin in New Port Richey. She also visited Al and Eva Stephan at the Fort DeSoto County Park. They encountered very bad roads in Indiana on their trip home.

Senior Citizen, Mini Series on "Anxiety" April 16 at the Center in Grayling.

Attention Senior Citizens, Senior Power Day Discussion, this should be very important to all. In your bulletin there is a page given 8 items to be discussed, bring your list and comments. At the Center at 4 p.m. on April 19, Monday. The bid day is at Lansing on May 11, lets have a good turnout.

Thursday, April 22 at the dinner time, Mexican Night. 5 p.m. at the Center. Happy Birthday to our Senior's, Ramon Lagerstrom April 16 of Maple Forest and Martha Burke 18, Aina Keranen 19. These two ladies are sisters.

Thoughts and good health to Albert Pluko, Bill Beck and Conrad (Buck) Owens.

Fire Dept. reports no fires and 5 ambulance calls.

Sportsman Club will be holding their election of officers coming April 21, Wed. There is a great need of interest in this. So far the club has done so well in the debt dept. and fixing up the place, we need something such as this, this is for the ladies as well, which they have been the best helpers in this project and such. It has been a great place for the Senior Citizen monthly dinner. Also a neat little hall for parties and such so why not plan to come to these meetings and see what help and ideas you can give. Meetings are at 7 p.m. every Wednesday. A smorgasbord is being planned for May.

It was so nice to see so many friends out to the Easter service at the First Baptist Church and all the children and grandchildren home to their parents for the holiday. Judy Hulbert honored us with a special song "Amazing Grace of God," accompanied by Pauline Henion.

Boys and girls no more Daniel's Band till fall, think about Bible School and maybe going to camp this summer in July.

A rummage, white elephant, books and a bake sale set for April 24 for the Library. Anyone having any above, gladly accepted, you can contact Ann Denno at 348-8747 or Jen Brown at 348-9804. Thank you.

Brian and Judy Hulbert and two sons from Holland were to their parents, Pastor and Mrs. Robert Taylor and Eva Hulbert, also Sheila and Shane Hulbert and Jim Hanson of Filion, for Easter Sunday dinner, joined by Tom and Ann Denno and their six children and Dennis and Pat Sloan and their two. Grandparents, Mr. and Mrs. Walter Desnoyers.

The community wishes to congratulate Mr. and Mrs. Frank Brown of Maple Forest on their 50th Anniversary, April 6th. The couple will be renewing their vows this coming Saturday at the First Baptist Church.

Editor's Mailbox

Dear Mr. Editor:

??Are we on the road to Socialism?? Almost everyone in our country favors Freedom. In fact it would probably be very difficult to find a single person who does not. So many people automatically proclaim to be for Freedom and Democracy and against Communism and Socialism, that hundreds of organizations throughout our country exist to satisfy this common devotion to freedom. In spite of our overwhelming verbal support of Freedom, our actual liberties continue to dwindle, and those among us who will do more than assert their position are relatively small.

As our federal, state, and local governments continue to make more and more of our decisions (from birth to grave) and as those of us who unconsciously accept the favors of government seem to be on a continuous increase, the question needs to be asked...How Free are We??? How many freedoms have you lost in the last few years??? Socialism, which is a system of social organization that advocates the ownership and control of business, industry, capital, land, etc., etc., in the community as a whole, seems to be very prevalent throughout our whole governmental structure.

While very few of us would cast a vote for any member of the Socialist Party, support its party platform, or declare ourselves socialists, we have elected (city, township, and county) individuals who have implemented numerous planks of the Socialist Platform of 1928 and do unconsciously accept the edicts of Socialism.

For those of us who are wondering why Capitalism is not working and why Freedom and Liberty at times seem threatened; we need to remind ourselves that Socialism, which in the Marxist Theory is the stage following capitalism in the retransition of a society to Communism, is slowly but definitely taking over our Freedoms, (ie. The new township zoning, the proposed township hall, more and more law enforcement officers, the enforcement of more & more unnecessary laws all of which take away more of your Freedoms, and the un-

checked spending of more & more of our tax dollars, all without a Vote).

If Freedom is to be restored and preserved we must experience a rebirth in this country, a rebirth based upon the fundamental principles of a Free People working and living together in a Free Society; or as our constitution states "secure the blessings of liberty to ourselves and our posterity". If you are an advocate of liberty, you might want to ask yourself what have You done to help secure its blessings??? It's Your Responsibility.....??

Sincerely,
Wilfred Moshier

Scout Cage Game Success

Pack 3993 Cub Scout Dads played the Crawford County Deputy Sheriffs' Association in their annual benefit basketball game March 25th at the High School Gym. The dads were victorious in regaining the trophy with a score of 45-40 over the Sheriffs. High scorer for the dads was Phil Trudgeon and leading scorer for the sheriffs was Duane Cory.

Our lovely Miss Grayling, Donelle Bentley, was on hand to draw the door prizes. Grand prize winner was Ginger from the Timber Room. Top ticket sellers received cash prizes and they were Steve Gross, James Mattson, and Jeff Cowie. Congratulations boys!

We want to express our appreciation to everyone who made our game a success.

Grayling Elementary

In Mr. Hatfield's fourth grade class they have three people who started fractions. In Junior Deputy they saw a film on tornados and Mr. Smith told them what to do in case of a tornado. By Debbie Jones and Betty Partello, 5th grade.

Nancy Hatfield and Mr. Juday came to our school on Friday, March 26. They put a program on about leader dogs. They showed us how the leader dogs were not to be bothered while they worked and how they knew where to go or what to do. Mrs. Wells is blind. She has a leader dog whose name is Gypsy. Mrs. Wells was walking down the school hall. She could not see children petting Gypsy but she knew they were there. She said, "Please don't pet the dog." By Shannon Moran and Ann Moshier, 5th grade.

On Wednesday, March 31, Mrs. Prause's class went to the Grayling Mercy Hospital. They learned a great deal. They saw the x-ray room and the coultter counter. Many people liked the x-ray room a lot. Mrs. Prause's class are writing thank you letters to the hospital staff. By Kris Partello and Paul Failing, 5th grade.

Thanks

The Grayling Regional Chamber of Commerce would like to express their appreciation to everyone who helped to make the Detroit Lions/Grayling All Star basketball game the success that it was.

Your support was greatly appreciated.

RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. I will be attending the 9th Annual Mid-America Congress on Aging in St. Louis, Mo., April 12-16, 1982. The theme for this year's conference is, "Partners in Progress through Productivity".

The Mid-America Congress on Aging's goals are: 1. To promote communication among persons, professions, and organizations concerned with aging. 2. To foster better public understanding of aging and interest in the field of aging. 3. To stimulate and encourage the professional development and preparation for age related services, research, and educational opportunities.

This year's 4 day session will focus attention on these important areas; health and long term care, rural issues, nutrition and information and referral, mental health, employment and transportation. There will be over 70 sessions plus 40 idea round tables. It should be a very educational as well as interesting conference and I'll be sharing news of what I learned in weeks to come.

In a letter received from Thomas W. Pauken, Director of ACTION, President Reagan has proclaimed the week of April 18-24, 1982 to be National Volunteer Week. In making the announcement, the President cited the tradition begun over two hundred years ago by the men and women who founded America: "That spirit of giving freely to ones neighbors...the well spring of compassion underlying the essential decency of American life".

Programs such as yours are the embodiment of that great American tradition, through the selfless acts of the hundreds of thousands of volunteers who have served for over 10 years of the ACTION Agency's history, and long before.

Your volunteers share that tradition, whether they have given their time and efforts to refugee relief or the PTA, taught Sunday school or tutored, led songs at day care centers or Senior centers, counseled runaways or Veterans, driven their neighbors to the doctor or themselves to the blood bank...the list is endless...they have volunteered to lighten the burden of others, and they are to be commended.

That is why I am calling upon you to celebrate National Volunteer Week, April 18-24, as a celebration of your volunteers.

If you are 60 years of age or older and would be interested in becoming a member of RSVP, stop by the office on Lawndale or call us at 348-4341 or 348-8322.

Kirtland Seeks Housing For Students

Kirtland Community College has had, in the past, many foreign students from countries such as France, Nigeria, Jordan, Bangladesh, Venezuela, Columbia, Kuwait, U.S. Trust Territory, Hong Kong, and Japan. In anticipation of increased foreign student enrollment, Kirtland is seeking families who are interested in being a host to a student from another country.

This is an excellent way for foreign students to improve their skills in the English language and to learn more about American culture. Foreign students are willing to pay for room and board.

If you would be interested in being a host to a student from another country, please contact Cary Vajda, Admissions Counselor at Kirtland, at 517-275-5121, ext. 231.

Learning Goes On After College Week Ends

Gail Edwards, Home Ec.

When College Week began at Michigan State University more than 50 years ago, women learned how to can pickles and make mattresses. Times have changed but two things still hold true: College Week continues to deal with relevant social and economic issues, and much of what participants learn at College Week they carry back to local communities to share with others.

College Week is a four-day experience in informal learning held annually on the MSU campus. This year, the dates are June 21-24, says Gail Edwards, County Extension home economist. This year's theme is "Families Make The Difference." All of the more than 60 classes, seminars, workshops and optional activities are built around this theme. The charge for this week long event is \$92.

"Whether a person is interested in stress, financial or time management, weight loss, microwave cooking, electrical repairs, effective parenting or energy," says Ms. Edwards, "he or she will find classes of interest at College Week."

The majority of the classes are designed with learning materials or teaching packets that participants can take home and share with members of their community or organization.

"Some clubs or organizations," "sponsor one or more of their members to attend College Week so they can reteach what they learn to the whole membership."

It is estimated that the 1,300 College Week participants will share College Week materials with more than 30,000 persons.

For more information and a copy of the College Week brochure, contact Gail Edwards, County Cooperative Extension office at P.O. Box 507, Roscommon, or phone 275-5043.

RECEIVES SELESKY SCHOLARSHIP—Michael Fisher of Alger (left) has been named the sixth recipient of the Michael Selesky Memorial Scholarship, and was presented a certificate of award by Mr. Donald Fenton (right), Instructor of Natural Resources Technology at Kirtland Community College. Michael, a sophomore in the program, is the son of Mr. and Mrs. Neil Fisher of Bay City, and a 1977 graduate of Bay City Handy High School.

This annual award is made through the efforts of Mr. and Mrs. John Selesky, of Rose City, who established a memorial fund in honor of their son, Michael, who died in an automobile accident in 1976. Michael held a strong interest in forestry; thus the award is made toward tuition costs for a Natural Resources student each year at Kirtland.

Easter Season Organ Recital at Mt. Hope

Mt. Hope Lutheran Church, located at the intersection of Old U.S. 27 North and M-93, in Grayling, will hold an Easter Season organ and choir recital on Sunday, April 18, at 10:30 a.m. The featured organist will be Mrs. Irene Beethe, a concert organist and also the organist and choir director at Trinity Lutheran Church in Warren, Michigan.

Irene is a native of Michigan and is a graduate of Concordia Teachers' College, Seward, Nebraska. From 1976-1981 Irene served as senior organist and choir director of St. Paul Lutheran Church in Sheboygan, Wisconsin. St. Paul's is one of the largest Lutheran congregations in Wisconsin, numbering 2200 members.

The joys of the Easter Season will flow from the Baldwin organ in the Mt. Hope sanctuary this Sunday. The electronically reproduced sound rivals a pipe organ, according to Mrs. Beethe. Among the selections to be heard will be "Awake My Heart with Gladness", "I Know that My Redeemer Lives", and "Jesus Christ, the Lord of Joy". Other sonatas and works of J.S. Bach will also be featured.

Mt. Hope congregation wishes to share this featured recital with the entire community. Mt. Hope is a rapidly growing congregation of God's people in a Lutheran setting. Since moving to their new facility in May of 1980, the congregation's music program has grown with the addition of the Baldwin organ and related music talent.

The people of Mt. Hope invite all to join with them in praising God for the ministry of music in their midst as they share the love of the Risen Christ.

A site next to the Grayling Township compactor on North Down River Road was picked out for the new building. BELL SAFELY MOVED—The original bell of the Grayling St. John Church, was moved safely from the church on Michigan Avenue to its new home on Spruce. The bell, made in 1893, was donated to the Scandinavian Evangelical Lutheran Church that year by Mr. and Mrs. Nels Peter Olson. That church was located on Ionia Street. The bell was moved in 1965 to the Michigan Avenue church. The bell was moved into its new home in a tower house last week and started ringing again for Easter services.

tion. Said the long hours hurt instruction. His literature class had shortage of books, gave theirs to other lit class, and turned the class into an independent study.

Kelly Kingsbury, 17, daughter of Barbara Kingsbury, of Grayling. Going to KCC for computer data processing.

"There's a lot of pressure on students in classes now. With the five period day and 20 credits needed to graduate, you can't slip up once or it's all over."

She said some of the teachers that were switched to instructing other subjects this year are doing okay but they are not as experienced in the new subjects.

John Watkins, 18, son of Pat & Bob Watkins, of Grayling. Headed for CMU to study art and communications. He missed the fall play that was cancelled but felt shortened school day didn't hurt at all this year.

Bruce Carlson, 18, son of Dorothy & Hal Carlson, of Grayling. Going to Delta College to study electronics. Wanted to take an outdoor education class that was cut. He said class periods should not be so long.

Pat Hickey, 17, son of Cathy & Bob Hickey, of Grayling.

May join Army or study timber surveying at KCC.

"I would hate to be a freshman now. With only five classes and 20 credits needed to graduate, it makes it hard."

"Classes are so long now, there's no early release or honor study halls - school's like a prison now compared to what it was."

Cathy Diedrich, 17, daughter of William Diedrich, of Grayling. Plans to attend U. of M. to study pre-med courses. She wanted to take an advanced English course recommended by her sister already attending college, but the class was cut.

Ted Methner, 17, son of Don and Jo-Ann Methner, of Grayling. Heading for MSU to study engineering.

"GHS used to be a nice high school. Now it offers one-half the things it did when I was a freshmen," he said. "You run out of room here now and it's getting worse."

He said he was glad his family was moving to Kentucky so his brother wouldn't have to put up with problems here.

Severely overweight people apparently have as strong a system of natural defenses against infection as persons of normal weight. An analysis of protein levels found in tears indicates that fat people — so long as they don't have other health complications — are just as immune to infection as everyone else.

Honor

(Continued From Page 1)

Miles was overwhelmed with the award and had a tear in his eye. He testified to the value of Rotary for world understanding.

Also honored at the affair were members of the club with long term perfect attendance. Those members include Loren Goodale Sr. 39 years, Pat Nunn 10 years, Nelson Miles 10 years, John Sojka 10 years, Art Weideman 10 years, Harvey Rowland 10 years and Bill Commons 9 years. Total of all men makes 98 years of perfect attendance at Rotary.

Ten Gaylord Rotarians and their wives were on hand for the affair to honor Miles and to recognize the local club's anniversary. The Gaylord club was the sponsor of the Grayling organization and many of its members made frequent trips to Grayling to get it started.

VOLUNTARY DEPUTY—Two volunteers, Mr. Newell and Mr. Ginther, from the Crawford County Sheriff's Department are getting their picture taken with Amber Welch and David Myers. They came to talk to fourth graders about being a volunteer deputy. They told us they do not get paid. They also told us about checking cabins. They told us what to do when there is a burglar in your house. This Junior Deputy program took place in the gym at the Grayling Elementary School. By Michelle Cikalo and Eric Swander, 4th grade.

GRAYLING ELEMENTARY—These four students from Mr. Hayes' class brought in some interesting things. Pictured left to right are Hannah Peterson, who brought in some cactuses that we are studying in science. Next to Hannah is Casey Goeckerman with his microscope which he used for a visual aid for speech class. Then comes Melanie Ojala. She brought in her rabbit named Cuddles for speech class. The last student is Robert Koon. He brought in a poem which his uncle Bruce Cannon wrote about Hawaii. It has 162 stanzas. Here is one of the stanzas which mostly describes the poem. "There is a chain of islands in the middle of the sea, The most beautiful place in the world, its name, Hawaii." By Hannah Peterson and Melanie Ojala, 4th grade.

STUDY JAPANESE QUAIL—Mrs. McEvers' fourth grade class is studying Japanese quail. This project began March 16. The eggs hatched on April 1. They hatched in an incubator. A 4-H leader came in our classroom and told us a lot about the quails. When they're born they have to stay in the incubator for one day or two because they're wet when they come out. In the picture the right quail is a male, the left one is a female. The Japanese quail, also known as Coturni quail, Pharaoh's quail, stubble quail & eastern quail, differs considerably from the North American bobwhite quail. The bobwhite is larger than the Japanese quail. By Chris Rogers and Tammy Duby, 4th grade.

HAND-ME-DOWN UMBRELLA

When you're growing up, hand-me-downs are a way of life. Better a hand-me-down umbrella than none at all. Except that with a gust of wind this young lady is likely to have nothing but a handle.

There's one area of life where a hand-me-down is often the best there is. That is religion.

An earnest religious faith passed on by parents to their children begins early the essential building of character and conviction.

But the religious faith you are handing down to your children ought to be sound, full of vitality, in working condition.

This is one of the most important functions of our churches. They help whole families to grow spiritually... to hold and practice religious convictions worth sharing.

Joel Sietsema, formerly a systems equipment engineer for General Telephone on the state headquarters staff at Norton Shores, has been named customer service manager for 21 exchanges in the company's Northern Division, according to Bob Kowalski, division manager for the company. In 1970, he was transferred to Owosso as division traffic manager. From 1974 to 1976 he served with GTE in Tehran, Iran. He returned to General Telephone of Michigan in 1976 where he has worked at several supervisory and engineering posts.

Sietsema is a graduate of Ferris State College. He and his wife, Joan, will move to the Gaylord area. The couple has two daughters.
